Re: Safety Light Corporation Superfund Site

Dear Mr. Burke:

This letter is to confirm our receipt of your letter dated October 3, 2008, regarding Safety Light Corporation. A notice of this request has been published in the October 11 *Pennsylvania Bulletin* for a 30-day public comment period. My staff will begin review of the request to exempt the material as having a negligible dose consequence, and they will work with your staff to address any questions that may arise. We understand that timing is of great significance for the proposed work, and we will try to have the review complete and any issues resolved as quickly as possible.

Please feel free to contact Bryan Werner of my staff by e-mail at brwerner@state.pa.us or by telephone at 717-787-2781 if you have any questions.

Sincerely,

David J. Allard, CHP
Director
Bureau of Radiation Protection
